## “IT MAKES SENSE”

Understanding the impact of sensory impairments in people with developmental disabilities

**THE ST. CLAIR TRI-COUNTY STAFF  
TRAINING & DEVELOPMENT  
COMMITTEE**

**IS PLEASED TO**

present a workshop with

**Heather Bailey OT Reg (ON)  
September 28, 2017**

**9am to 3:30pm**

Registration begins at 8:30 am

Heather Bailey is a Registered Occupational Therapist with more than 25 years of experience in developmental disabilities. She works at Central West Specialized Developmental Services as a member of the Dual Diagnosis Team for the Halton/Peel/Waterloo/Dufferin Wellington Regions as well as providing in-house support to the individuals that live at CWSCS

**Learning Objectives:** this workshop aims to help participants

- ⇒ Identify and understand the various sensory systems
- ⇒ Describe the impact of sensory processing challenges in people with developmental disabilities
- ⇒ Recognize the importance of sensory processing in everyday life
- ⇒ Discuss basic sensory strategies for managing sensory processing issues

### **Workshop Location:**

**Country View Golf Course - Chatham**
